

Product Highlights:

- Easy fit in different architectural structures
- Quick installation and reliable connection by self-locking waterproof connectors

Light is emotion

ARCHISHAPE® 2.0 Linear

A compact, high-brightness LED linear.

Light is OSRAM

traxon **ecue**

OSRAM

ARCHISHAPE® 2.0 Linear

The ARCHISHAPE® 2.0 Linear series (POWER / MAXI / MIDI / MINI) is a slim, highly reliable, and energy efficient exterior LED liner with unique water-proof structure and excellent lighting effect. It offers a variety of white & color, beam angles and power ranges with static ON/OFF and DMX. It is ideal for wall washing application maintaining superior color consistency.

Applications

- Building façades

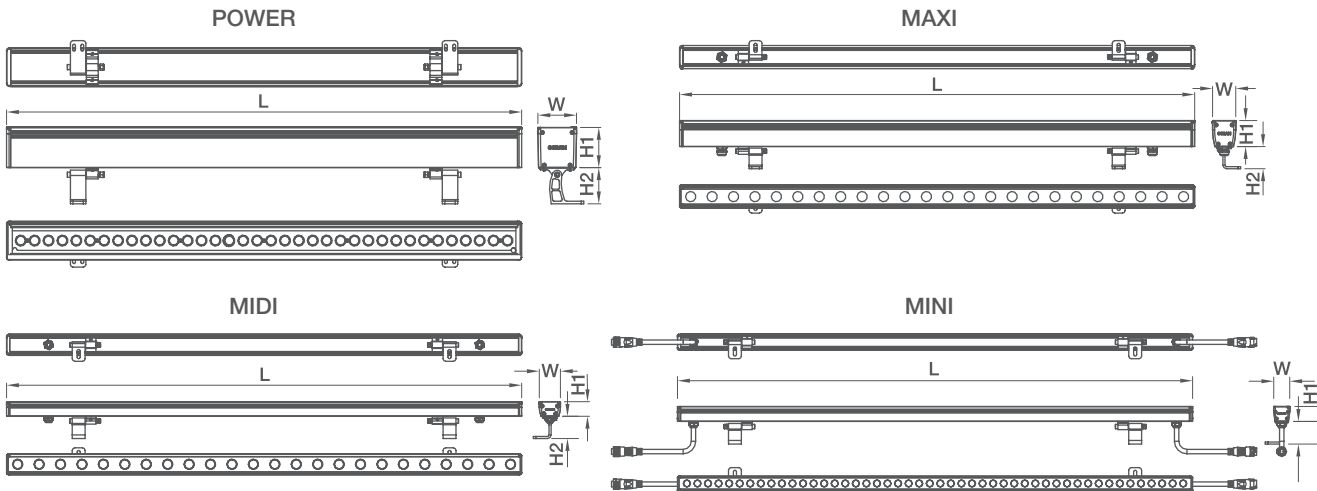

— Landscapes
- General area flood lighting

— Bridges

Advantages & Benefits

			
High lumen package for long distance washing			
Compact size and easy fit in different architectural structures		Slim size and easy fit in different architectural structures	
Even washing effect and optimized color mixing			Even washing effect
Quick installation and reliable connection by self-locking water-proof connectors
